

In the wake of the devastation in Haiti, AMN Healthcare has received numerous requests from our health care professionals around the country and even around the world asking how they can help with the relief and recovery efforts in Haiti.

AMN Healthcare conveys deepest sympathies to the Haitian citizens and their families over this tragic disaster.

AMN Healthcare encourages qualified health professionals interested in becoming a first responder to pre-register with one of the many disaster registries and response organizations listed here. These groups ensure that volunteers will have access to training and will be utilized according to the appropriate response plans.

**To sign up to volunteer or to donate to relief and/or recovery efforts, please visit one or more of these resources:**
